Dear Tanya Francis,

The design submission, tracking number 2012-06962, originally received on October 09, 2012 was surveyed and accepted for registration as follows:

CRN:

0C15527.52

Accepted on: November 14, 2012

Reg Type:

New Design

Expiry Date: September 27, 2022

Drawing No.: AS LISTED ON THE PRODUCT DATA SHEET

Fitting Desc: BALL VALVES

Design registered in the name of : JC FABRICA DE VALVULAS SA

The registration is conditional on your compliance with the following notes:

As per the original registration by the province of Ontario this registration covers the ball valves listed on the stamped Product Data Sheet (3 pages)

Acceptance is given based on the understanding that the valves are in full compliance with the ASME B16.34 Standard.

This registration is valid only for fittings fabricated at the location(s) covered by the QC certificate attached to the accepted AB-41 Statutory Declaration form. This registration is valid only until the indicated expiry date only if the Manufacturer maintains a valid quality management system approved by an acceptable third-party agency until that date. Should the approval of the quality management system lapse before the expiry date indicated above, this registration shall become void.

An invoice covering survey and registration fees will be forwarded from our Revenue Accounts.

Enclosed are stamped prints for your reference.

Sincerely,

ONSHCHENKO, TETYANA, P. Eng.

Ulley.

## The registration is conditional on your compliance with the following notes:

- The Trunnion Ball Valves listed in the scope of registration are in full compliance and meet all aspects of B16.34 Standard

As indicated on AB-41 Statutory Declaration form and submitted documentation, the code of construction are B16.34 and SECTION VIII, DIV. 1.

- This registration is valid only for fittings fabricated at the location(s) covered by the QC certificate attached to the accepted AB-41 Statutory Declaration form.
- This registration is valid only until the indicated expiry date and only if the Manufacturer maintains a valid quality management system approved by an acceptable third-party agency until that date.
- Should the approval of the quality management system lapse before the expiry date indicated above, this registration shall become void.

An invoice covering survey and registration fees will be forwarded from our Revenue Accounts.

Enclosed are stamped prints for your reference.
